In some instances, you are invited behind the garden gate to enjoy some of the finest enchanting private gardens in the historic district.

### **CURATED GARDEN TOURS**

These tours are for the garden enthusiast and are led by a landscape architect, garden designer, or professional horticulturist. Visit several private gardens while learning about subjects ranging from Charleston's rich horticultural heritage to the latest gardening trends.

### **CURATED HARD HAT TOUR**

Join us for a rare opportunity to see first-hand a circa 1857, masonry house in the process of being elevated on a new foundation. Learn about the history and what led to the monumental decision to lift a 1,000,000 pound house 8 feet in the air.

### **VIRTUAL TOURS**
